Clwb Plant Prysur : Working towards CIW registration

Action
Clwb Plant Prysur places children's voices, choices and interests at the centre of its provision. The club follows the Playwork Principles by recognising that play is freely chosen, personally directed and intrinsically motivated. Children are encouraged to decide how, where and with whom they play, enabling them to take ownership of their experiences while developing confidence, independence and decision-making skills.

Playworkers provide a rich and varied environment that supports imaginative, creative, physical, social and quiet play. A wide range of loose parts, craft materials, outdoor resources and open-ended activities are available each day, allowing children to explore their interests and create meaningful play experiences. Staff observe and support play sensitively, intervening only when necessary to maintain safety, resolve conflicts, respond to children's requests for support or participate in play when invited by the children.

As a school-based after-school club, children are collected directly from their classrooms, ensuring a smooth transition from the school day into a safe and welcoming play environment. This enables children to remain in familiar surroundings while accessing high-quality play opportunities.

Clwb Plant Prysur is currently working towards registration with Care Inspectorate Wales (CIW). Registration will enable eligible families to access the Tax-Free Childcare scheme and other childcare support programmes, helping to make childcare more affordable and accessible within the local community.

Evidence
Observations demonstrate that children confidently access resources independently, initiate their own games and activities, and regularly engage in cooperative play with children from different age groups. Children show increasing confidence in expressing their ideas, negotiating with peers and solving problems independently.

Feedback received from children and families highlights the positive experiences provided by the club:

- "To Clwb, thank you for everything. I will miss you all."
- "Thank you so much for all you have done for us so far this year. We really appreciate it."
- "To everyone at Clwb, thank you so much for all your hard work."
- "Thank you for taking such good care of me."
- "Thank you very much. We really appreciate everything that you and your team do."
- "Thank you for making it fun in Clwb."

Parents and carers have also commented positively on the convenience of the provision, particularly the fact that children can access after-school childcare without needing to leave the school site.

Impact
Clwb Plant Prysur has a positive impact on children's wellbeing, development and enjoyment through its commitment to child-led play and the Playwork Principles. Children attending the club demonstrate increased confidence in social situations, greater independence and improved communication skills. They are more willing to try new experiences, take appropriate risks, share ideas and develop positive relationships with others.

The club provides opportunities for children to form friendships across different age groups, helping them develop empathy, cooperation and a strong sense of belonging. The freedom to direct their own play supports creativity, resilience and problem-solving skills, while the inclusive environment ensures that every child feels valued, respected and listened to.

The provision also delivers significant benefits for families. By offering reliable, school-based childcare, Clwb Plant Prysur enables parents and carers to maintain employment, training and other commitments, safe in the knowledge that their children are being cared for in a secure, nurturing and stimulating environment. The club's progression towards CIW registration will further enhance this support by enabling eligible families to access Tax-Free Childcare and other financial assistance schemes, helping to reduce childcare costs.

More broadly, Clwb Plant Prysur contributes positively to the local community by providing accessible childcare that supports family wellbeing and strengthens community connections. Through fostering positive relationships, promoting children's development through play and supporting working families, the club plays an important role in enhancing outcomes for children and families within the community.
