Case Study: Moondance Funded Places Impact

A parent within our local community needed to undergo treatment for a serious illness. Because of the nature of the treatment, the parent needed time to rest and recover afterwards. However, they had no other childcare support available and were in urgent need of assistance to enable them to access essential treatment and have the necessary time to recover.

Parent Feedback

The parent described the difference this support made to their family:

"Where do I start? I can't thank the girls at Ladybirds enough. With everything I went through with my cancer, the girls were there every step of the way and helped massively with XXXX. I can't thank you all enough and would highly recommend them."

"My child is enjoying attending Ladybirds, where they are being active, having fun, trying new things and seem happier."

This feedback demonstrates the wider value of the Moondance Funded Places: supporting a child's wellbeing and development while giving a parent facing serious illness the practical support, reassurance and time needed to prioritise their treatment and recovery.

Through Moondance Funded Places, our setting was able to provide the child with a safe, nurturing and supportive environment while their parent attended treatment and recovered. This gave the parent reassurance and peace of mind, knowing that their child was safe, well cared for and able to enjoy positive experiences during an extremely difficult and challenging period for the family.

For the child, attending Ladybirds provided consistency and a sense of normality at a time when family life could otherwise have felt uncertain and unsettling. The child had opportunities to socialise, play, be active, have fun and try new things. The parent also reported that their child seemed happier as a result of attending the setting.

The impact of the funding extended beyond childcare. It removed a significant barrier that could have prevented the parent from accessing essential medical treatment and having adequate time to rest and recover. Knowing their child was in a safe and caring environment allowed the parent to focus on their health without the additional worry of finding suitable childcare.

The Moondance Funded Places therefore had a meaningful impact on the whole family. It provided stability and positive experiences for the child while offering vital practical and emotional reassurance to the parent during a particularly difficult period.

Astudiaeth Achos: Effaith Llefydd wedi'u Hariannu gan Moondance

Roedd rhiant yn ein cymuned leol angen triniaeth i drin salwch difrifol. Oherwydd natur y driniaeth, roedd y rhiant angen amser i ailosod a gwella wedi'r driniaeth. Fodd bynnag, nid oedd ganddynt gymorth gofal plant ac roeddent mewn angen dybryd o gymorth i'w galluogi i gyrchu triniaeth hanfodol a chael seibiant angenrheidiol i wella.

Adborth gan Riant

Roedd y rhiant yn disgrifio'r gwahaniaeth y mae'r cymorth hwn wedi'i wneud i'w teulu:

"Lle ydw i'n dechrau? Ni allaf ddweud digon o ddiolch wrth y genethod yn Ladybirds. Gyda phopeth es i drwyddo gyda fy nghanser, roedd y genethod yno ar bob cam o'r ffordd ac wedi helpu'n sylweddol gyda XXX. Ni allaf ddiolch digon iddyn nhw a byddwn yn eu hargymell yn gryf."

Mae fy mhentyn yn mwynhau Ladybirds, lle maent yn actif, yn cael hwyl, yn rhoi cynnig ar bethau newydd ac yn hapusach."

Mae'r adborth hwn yn dangos gwerth ehangach y Llefydd wedi'u Hariannu gan Moondance, sef:

cefnogi lles a datblygiad plentyn wrth roi cymorth ymarferol, cysur a'r amser sydd ei angen ar riant sy'n wynebu salwch difrifol i flaenoriaethu eu triniaeth a'u hadferiad.

Trwy Llefydd wedi'u Hariannu gan Moondance Foundation, roedd ein lleoliad yn gallu darparu amgylchedd diogel, meithringar a chefnogol i'r plentyn tra bod ei riant yn mynychu triniaeth ac yn gwella. Roedd hyn yn rhoi cysur a thawelwch meddwl i'r rhiant, gan wybod bod eu plentyn yn ddiogel, yn cael gofal ac yn gallu mwynhau profiadau cadarnhaol yn ystod cyfnod eithriadol o anodd a heriol i'r teulu.

Ar gyfer y plentyn, mae mynychu Ladybirds yn darparu cysondeb ac ymdeimlad o normalrwydd yn ystod cyfnod pan all bywyd teuluol deimlo'n ansicr neu'n anesmwyth. Mae gan y plentyn gyfleoedd i gymdeithasu, chwarae, bod yn actif, cael hwyl a rhoi cynnig ar bethau newydd. Mae'r rhiant hefyd yn adrodd bod eu plentyn yn ymddangos yn hapusach wedi fynychu'r lleoliad.

Mae effaith y cyllid wedi ymestyn y tu hwnt i ofal plant. Mae wedi tynnu rhwystr sylweddol a allai fod wedi atal y rhiant rhag cael triniaeth feddygol hanfodol a chael digon o amser i orffwys a gwella. Mae gwybod bod eu plentyn mewn amgylchedd diogel a gofalgwr wedi galluogi'r rhiant i ganolbwyntio ar eu hiechyd heb y pryder ychwanegol o ddod o hyd i ofal plant addas.

Mae'r Llefydd wedi'u Hariannu gan Moondance felly wedi cael effaith ystyrlon ar y teulu cyfan. Maent wedi darparu sefydlogrwydd a phrofiadau cadarnhaol i'r plentyn, wrth gynnig cysur ymarferol ac emosiynol i'r rhiant yn ystod cyfnod arbennig o anodd.
